

## TAMMANY PUTS UP OLD ASSEMBLYMEN FOR RENOMINATION

Most of Present Organization Aldermen Are Also Designated as Candidates.

M'GUIRE IS INDORSED.

Leader in Bronx Revolt Named as Organization Man for the Assembly.

The Democratic organization throughout the city met in Assembly and Aldermanic Districts last night to designate candidates for the Assembly and the Board of Aldermen. Nearly all the incumbents in both bodies were renominated. There was no fight anywhere, but the Sulzer-Progressive forces intend to put candidates in the field against all the Tammany Assemblymen who voted against the so-called Sulzer Direct Primaries bill.

Aspen J. Levy, minority leader in the Assembly, who has served six terms from the Fourth District, was not renominated. He announced some time ago that he did not want to go to Albany as an Assemblyman again. He will probably get a judgeship from Tammany or he may elect to spend some time building up his law business before re-entering politics. A meeting of protest against the Sulzer impeachment was held in the Fourth Assembly District last night, but it didn't create more than a ripple. Henry R. Robinson was designated to succeed Mr. Levy.

TAMMANY TAKES UP EUGENE M'GUIRE AGAIN.

In the Thirty-second District in the Bronx the Tammany organization sprung a surprise by designating Eugene M'Guire to go before the primaries as the Assembly candidate. M'Guire, former Tammany leader of the district, broke away from Tammany on the Bronx County proposition and has been fighting the organization ever since. He is practically invincible in his own bailiwick and will probably be the candidate of other parties if he concludes to accept the designation.

The following candidates were designated in Manhattan, Bronx and Brooklyn:

Manhattan and Bronx.

**ASSEMBLYMEN.**  
 1st Dist. Adl. till Aug. 28.  
 2nd Dist. Adl. till Aug. 28.

**LIGHTNING KILLS AT MOVIES.**

Picture Machine Operator Electrocuted When Bolt Strikes.

CHICAGO, Aug. 22.—James Lavelle was electrocuted last night when lightning struck a movie picture machine which he was operating. A dozen other persons were injured by the severe storm, which swept through a narrow strip on the south side, damaging residences and uprooting trees. Two were hurt when the main tent of a dog and pony show was blown away.

A tent at Seventieth street and Westworth avenue, in which gospel services were being held, was torn from over the heads of the worshippers, but none was injured.

**JAP TO TEST LAND LAW.**

Weatherly Allen Wants to Transfer Street in California.

LOS ANGELES, Aug. 22.—The first test of the constitutionality of the California Alien Land law will be begun here within the next few days by H. Taniguchi, a wealthy Japanese, according to his attorney, E. A. Chamberlain.

Taniguchi desires to transfer 20 acres of land to his son, who is an American citizen.

## HER PRAYERS FOR DEATH ANSWERED SPEEDILY

Ruth Hamilton, Shot by Lover in Suicide Pact, Follows Him Into the Unknown.

Ruth Hamilton's prayers for speedy death were answered in St. John's Hospital, Yonkers, early today. The girl whose lover, Charles E. Rich Jr., shot her just above the heart on Wednesday night and then turned the revolver upon himself, in a suicide pact, had tossed restlessly on her cot in the hospital for more than twenty-four hours, praying that death would release her spirit before the body of her lover was buried to-day.

It was recognized at once when the seventeen-year-old girl was taken to the hospital early yesterday morning that death was inevitable, for a bullet had passed clear through her body just above the heart and she was suffering internal hemorrhages. The girl showed remarkable vitality, however, and her body fought the advance of death, even while her mind prayed for it. During her intervals of consciousness she reproached her dead lover for not having had a truer aim, so that she might have died with him.

Ruth Hamilton and Charles E. Rich Jr., a young electrician, twenty years old, agreed to quit life together after their youthful romance had been blighted by the refusal of the girl's sister-in-law, Mrs. Henri Morand, with whom she lived, to permit Rich to press his ardent attentions upon the girl. Once their plan to elope had been revealed to Mrs. Morand by one of Ruth's girl friends and was nipped short.

**AVIATOR FALLS A MILE, IS DASHED TO DEATH**

Member of German Army Flying Corps Killed When Aeroplane Wing Collapses in Descent.

HALBERTSTADT, Prussian Saxony, Aug. 22.—Lieut. Schmidt of the One Hundred and Forty-eighth Infantry and attached to the army aviation corps, met death here to-day by a fall from an altitude of almost a mile. The lieutenant was completing an aeroplanes flight to and from Gostler, a town in Hanover Province, thirty miles west of Halbertstadt, and had begun a descent in the shape of a spiral. While the aeroplane was at a height of about 5,000 feet one of the wings collapsed and the machine plunged to the ground. The pilot was instantly killed.

**WIRELESS HERO DIED AT KEY.**

Donald C. Perkins Crashed by Falling Mast on Steaming Liner.

SEATTLE, Wash., Aug. 22.—Another wireless hero story was told to-day when forty surviving members of the steamship State of California arrived here on the steamer Jefferson. Donald C. Perkins of Oakland, Cal., who went as chief wireless operator on the State of California in hope of encountering adventure, was off duty and asleep when the steamer struck an uncharted reef in Gambler Bay, Alaska, last Sunday morning.

Awakened by the shock, he rushed to the wireless room and ordered Walter Chamberlain, the operator on duty to seek safety. Then he sat down at the key, but before he could send his first call for help a falling mast went through the wireless house and crushed Perkins to death at his post. Thirty-two lives were lost in the wreck.

**NEW YORK FLIER WRECKED; PASSENGERS INJURED**

Pittsburgh-Fort Wayne Train From Chicago Hurdled From Rails When Truck of Coach Breaks.

PITTSBURGH, Aug. 22.—The Eastern express from Chicago to New York over the Pittsburgh, Fort Wayne and Chicago Railroad was wrecked near Leetonia, O., not far from the Pennsylvania State line, early to-day and a number of passengers hurt. The most seriously injured are: Harry Jones of Mercersburg, Pa., leg broken; Dr. H. L. Stewart, Clarion, Pa., neck injured; Mrs. A. Yoder, North Philadelphia, Pa., and Mrs. Mary Walker, Mrs. J. B. Hale, Huntington, Ind., and Mrs. Sophia Shock, Los Angeles, Cal., all of whom were badly bruised.

The train was speeding along one of the best stretches of track on the Pennsylvania system when a truck under a day coach broke, derailing that car and three Pullmans following. The injured passengers were in the Pullmans. All were brought to this city.

**It Tickles the Palate**

One Teaspoonful adds zest to many an otherwise insipid dish.

**LEA & PERRINS' SAUCE**

THE ORIGINAL WORCESTERSHIRE

Has helped to make the reputation of a cook.

Sold by Grocers Everywhere

**From Corn to Toasties**

—a capital evolution

The ripened kernels of pearly white Indian Corn with their succulent goodness, are cooked, then rolled into thin, wafery bits, and toasted to a golden brown.

Add a little cream and sugar—perhaps some fresh berries—and the combination smacks wondrous good.

Post Toasties are untouched by human hand from start to finish of the making, and come to you crisp and sweet—ready to eat from the package. Wholesome, nourishing—a Royal dish for hot days—and all days.

**WEEK-END TRUCE CALLED IN FIGHT FOR GOVERNORSHIP**

All Responsible Heads of Departments Go Home Except Two Executives.

ALBANY, Aug. 22.—A week-end truce was declared to-day in the troubled State departments at the Capitol. Practically all the responsible heads went "home over Sunday" except those of the two Executive chambers.

In the Sulzer corner clerks were busy mailing Commissioner John A. Hennessey's latest statement about craft he asserts he has found in the work on the State highway. This pamphlet speaks of the "indictment of a few of the conspirators to be followed up by the punishment of the thieves higher up who are behind frauds that would make Bill Tweed ashamed of his moderation."

Friends of Gov. Sulzer said "he was too busy to talk" and that he was going right on with the State's business. They found and expressed much comfort in the failure of several of the Assemblymen who opposed Gov. Sulzer and his measures to secure renomination. To their minds this was "the beginning of an avalanche of righteous wrath that will bury all enemies of the direct primary legislation and of the Governor who advocated it."

Acting Governor Glynn was at his desk in the new executive chamber. The fact that the Washington authorities did not address him officially as Governor in replying to his demand for Thaw was not regarded as important.

Results are what tell," remarked Glynn, "and I hope to get results."

No legal move was expected on the part of the Sulzer lawyers to-day, but it was admitted that the courts might be brought into the tangle at any moment by the activities of Hennessey in his efforts to vindicate his appointment and prove his authority to compel witnesses to obey.

**GRAND JURY TRIES TO PUT HEALY RAID UP TO THE MAYOR**

Deputy Commissioners Will Be Asked If Orders Came Direct From Gaynor.

It was announced to-day that the Grand Jury investigation into the recent police raids on Healey's restaurant will not be concluded until next Tuesday or Wednesday, when a report will be made to Judge Rosalby in General Session. A half dozen more witnesses, principally newspaper men who witnessed the raids were examined to-day.

Four witnesses were examined yesterday, including George F. Flannery, the newspaper man who caused the arrest of Inspector Dwyer and Patrolman Sheridan for felonious assault. Flannery told the Grand Jury that while he was talking with District Attorney Whitman the night of the last raid Dwyer ordered Sheridan to throw him out of the place. Sheridan, according to Flannery, hit him on the head with his club. The other witnesses testified to the brutality of the police acting under the orders of Dwyer.

Members of the Grand Jury are anxious to ascertain who issued the order under which Dwyer and his men acted. It is said that Deputy Police Commissioners McKay and Newburger will be summoned before the Grand Jury to be interrogated along this line. Newburger was present at the raid in which Flannery was clubbed.

Some of the Grand Jurors are of the opinion that Mayor Gaynor might throw some light on the subject. He will not be called as a witness, so it is said, unless the two Deputy Police Commissioners put the instructions up to him. While on the subject of the police, it is asserted, the Grand Jury may begin a separate investigation into the forcing of matrons of police stations to do detective work. During the last few months a practice has grown up among certain police officials of assigning matrons to pose as disorderly women to obtain evidence against disorderly houses. Several cases revealing this fact have been tried recently in the Court of Special Sessions.

In all the cases the matron testified that acting under the instructions of their superiors they rented rooms in these resorts for the purpose of creating evidence entertained policemen posing as friends.

**"ALCO" AUTO BUILDERS WITHDRAW FROM TRADE**

American Locomotive Works Will Supply Repairs for Five Years Yet.

Following a meeting yesterday of the directors of the American Locomotive Company it was announced that the directors had decided at a meeting on Aug. 18 to give up the manufacture of autos and motor trucks, in which it had been engaged extensively since 1908 under the trade name of Alco. The withdrawal of the American Locomotive Company's Alco manufacturing from the automobile field marks the passing of one of the largest producers of American cars and trucks.

The directors' announcement assured all owners of Alco cars and trucks that arrangements will be made for the distribution of all repair parts of the Alco cars for a period of five years to come and that all guarantee obligations to customers will be fulfilled.

It is said that the locomotive company has fully \$6,000,000 invested in the manufacture of the Alco cars and commercial vehicles and that 1,300 employees work in its shops at Providence. The company maintains a service plant in Long Island City, occupies an entire sales building at Broadway and Sixty-second street and has branches in Philadelphia, Chicago and on the Pacific coast. The cause of the closing down of automobile manufacture on the part of the Alco company is said to be the remote location of its manufacturing plant and the delays necessitated in delivery.

**26,000,000 CUBIC YARDS YET UNDOG AT PANAMA**

Revised Figures Show an Increase Over the Estimate Made Early Last Month.

PANAMA, Aug. 22.—Revised figures of the excavation remaining to be done to complete the canal show an increase of 2,128,000 cubic yards over the estimate of July 1, 1913. More than 8,000,000 yards of this increase is due to slides in Culebra Cut.

The total excavation for the completed canal now stands at 28,552,000 cubic yards, of which 2,742,000 yards must yet be removed. Most of this will be handled by dredges.

An agreement has been reached between Foreign Minister Lefevre and a committee of merchants regarding the Chinese question. The Chinese failed to comply with the registration law and the merchants want it modified. It has now been agreed that all the Chinese shall register. Those who have been smuggled into the country in the last five years will pay one-half of the tax of \$50 in cash, the balance to be charged against each individual until the next Assembly convenes, when it is expected a revised bill will be passed. It is estimated that 1,000 Chinese will be affected.
